- Express.js
- My SQL
- MongoDB
- AWS
- System Design
- Figma

## CERTIFICATIONS

- Full stack Developer in GUVI
- JS and Responsive Web Design in FREECODECAMP in Feb 2021

## CAREER OBJECTIVE

I am passionate about Web development, with a proven ability to adapt in both self-starting and collaborative environments while staying focused on achieving high-quality results under strict deadlines. I love spending time building production-ready web applications and also doing open source projects. My core interest lies mainly in web development but not restricted to it. I always love exploring and learning new technologies. Eager to obtain a challenging position at a prestigious company like Dream Version that will expand my learning and build upon my developer skills.

## WORK EXPERIENCE

### Web Development Intern

#### KlinickEveryWhere

📅 SEP 2021 - Feb 2022

📍 Chennai

- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3, which improved user satisfaction by 61%.
- Developed object-oriented code in Node.js with 100% accordance to industry and company standards.
- Designed and developed web applications using JavaScript frameworks React.js to increase target audience engagement
- Created the user experience that fetched, parsed, and formatted analytic data, and relayed it into React components.
- Created accessible, responsive, and functional user interfaces to allow visitors on any device to have the same perfect user experience.
